Subject: Meetings during the comment period

Hi Lindsay,

As discussed yesterday, I'd like to find some dates for us to continue our discussion with you about the MDV. Our preference is to schedule these meetings sooner rather than later during the comment period so that any public comment we receive from EPA reflect our discussions. In that light, I wonder if we can keep the meeting we had scheduled for September 23. I know that it doesn't give a lot of time for reviewing updated documents, but as you've reviewed the documents already, there shouldn't be anything drastically different, just more information justifying the approach we have to the HAC. This seems to be a fundamental issue, so the more time we have to discuss it, the more time we have to resolve any differences. Beyond that, we'd like to find at least two more dates for additional discussion – hopefully no later than mid-October, if not earlier.

If the 23rd simply won't work, we can do September 25th from 10-11:30 or the 26th from 8:30 – 10.

During the week of September 30, the following times will work: September 30, 9-noon or October 2 any time after 10 am.

During the week of October 7 – October 7 or October 10 any time during the morning.

During the week of October 15 – October 15, any time but 10-11. (You have Columbus Day off, right? If not, October 14 am is also open).

Thanks for your help getting these scheduled.
